Chair Yoga Fusion

Seated and standing gentle stretching. Includes light weights for bone density. Concludes with quiet, reflective meditation time and breathing exercises.

NIA (Neuromuscular Integrative Action)

NIA is a blend of concepts, cultures, theories and movement from the east and west. It is a barefoot technique offering a fusion of movement styles. Experience the expressiveness of dance, the power of martial arts and the wisdom of the healing arts.

Pilates

Based on the principles of Joseph Pilates, this class' multiple levels of participation uses bands, magic circles, stability balls and BOSUs. Mostly done on a mat, but some standing work is incorporated as well.

Tai Chi for Arthritis

Tai Chi is an ancient practice proven to improve mental and physical well being. Tai Chi for Arthritis uses gentle Sun-style Tai Chi movements to help reduce stress, improve breathing and develop balance, mobility and body awareness. All ability levels are welcome and you don't need to be diagnosed with arthritis to participate.

TaijiFit

TaijiFit is not just an exercise—it's an experience! It's about making fitness more graceful and holistic through great music and great energy by combining the best elements of fitness, meditation and the ancient martial art of Taiji (Tai Chi). TaijiFit is mindfulness in motion.

Yoga

A hybrid style drawing from Vinyasa, Lyengar and Vinyoga that brings physical benefits by integrating body and mind performance. Bring a towel, water and we recommend that you bring your own Yoga mat.

Yogalates

This class is a fusion of Yoga and Pilates.

ALL FITNESS LEVELS

Balance & Bone Density

An integrated balance training and bone density building class. Also helps address fall reduction and prevention as well as postural stability.

Body Sculpting

Use external weight, resistance or one's own body weight to tone muscles; increase strength, stability and metabolism; and strengthen bones and joints.

Dancing Boomers

This "flashback" to a bygone era features low-impact dancing to show tunes and pop music.

Group Cycle

Designed by an Olympic mountain-biking coach, the Keiser M3 Plus bike brings the mountain-biking experience indoors to safely deliver a full-body workout. Unlike other cycling classes which just work the legs, this cutting-edge class works the whole body.

Line Dancing

Get moving with line dancing—a fun way to exercise! Line dance to all varieties of music using a series of basic steps and patterns of all dance styles. Challenge yourself as the dances change direction and move around the room. Class is designed for beginners, those who want moderate exercise, and also for those who want a more intense workout.

Muscle Sculpting

Instructors use barbells, free weights, bands and balls to create the ultimate total body shaping class.

Step & Sculpt

A dynamic blend of step and cardiovascular activities along with intervals of strength movements help increase muscle tone and the body's metabolism. An overall power packed workout!

TRX Suspension Training

Free; \$15 for non-Fitness members

• *Registration required—call/stop by the Fitness desk*

TRX (total body resistance exercise) utilizes a band (two-handled nylon strap) to harness the power of gravity and movement for body weight exercises. The result is a mix of support and mobility to train strength, endurance, flexibility, coordination, balance, power and core stability across a wide range of resistance.

Express TRX uses gentler movements to work on balance, strengthening and stretching.

WERQ Dance Fitness

This wildly addictive cardio dance workout is based on the hottest dance music and can be modified for all levels. WERQ (pronounced work) is a dance term that means "own it." WERQ routines are a great blend of athletic moves and different styles of dance which invoke an attitude of confidence and empowerment.

Zumba

A blood-pumping cardiovascular workout for all ages set to a fusion of Latin and international music. A variety of fast and slow rhythms help tone and sculpt the body while you learn easy-to-follow dance steps.

Zumba Gold is the low-impact version for all levels.
